PARLOR ORGANS.

CARHART & NEEDHAM.

ESTABLISHED 1846.

Are the oldest manufacturers of Improved Reed Instruments in the United States, and are the inventors and patentees of the essential improvements made in this class of instruments up to the present date.

During this long period they have manufactured a vast number of instruments of all styles; and WHEREVER THEY HAVE BEEN EXHIBITED IN COMPETITION WITH THE INSTRUMENTS OF OTHER MAKERS, THEY HAVE INVARIABLY TAKEN THE HIGHEST PREMIUM.

THE LAST TRIUMPH OF CARHART & NEEDHAM.

At the Fair of the American Institute held in New York in 1865, Carhart & Needham received the *Special Gold Medal* over all other reed instruments in competition. The Judges were Dr. Wm. Berge, C. B. Seymour (critic of the *N. Y. Times*), Thomas Appleton, organ builder of Boston, George Jardine, organ builder of New York, and Dr. E. Ringer, an expert.

EXTRACTS FROM THE SEVERAL REPORTS OF THE JUDGES:

From report of Dr. Wm. Berge.

"The quality of the tone is the best I have ever heard; and the number of stops surpassed my expectations. The delicacy of touch and the quickness of speech are remarkable. I consider the Parlor Organ of Carhart & Needham to be the best on exhibition, and entitled to the highest award of the institute."

From the report of C. B. Seymour.

"The undersigned thinks it proper to suggest that Carhart & Needham should receive a Special First Premium for their large Parlor Organ."

From report of Thomas Appleton.

"No. 526 is the best for, 1st, It contains more reeds and of greater variety than any other. 2d, The reeds are placed above the key-board, thereby allowing a greater volume of sound to be heard. 3d, The successful application of the swell which makes this instrument resemble the church organ more nearly than any previous arrangement. 4th, The voicing of the reeds is remarkable, and in the smoothness and quality of tone they resemble pipes more than reeds. 5th, The instrument is undoubtedly superior to any ever before constructed with reeds."

From report of George Jardine.

Carhart & Needham were the first in the world to discover and demonstrate that vibrating tongues or reeds can descend in the bass with the very finest quality of tone, rich, round and full, of quick articulation and free from windiness, to the 32 feet tone of C. C. CC."

From report of Dr. Ringer.

"No. 526 is the best for its superior softness, evenness and power of tone, being less reedy than in any instrument I have examined. 2d, For the great number of keys of different character of tone, which give the player an almost infinite variety of combinations."

From Wat on's Weekly Art Journal.

AWARDS TO MUSICAL INSTRUMENTS.—A Gold Medal was awarded at the late Fair of the American Institute to CARHART & NEEDHAM, for the best reed instrument on exhibition—a most deserved testimonial.

"They are an exceedingly good substitute for an organ, and I can speak of them in the highest terms."

GEO. W. MORGAN.

"I have found them to be the finest instrument of the class I ever saw."

GEO. F. BRISTOW.

"They are entitled to be ranked as the first and best among instruments of their class"

WM. A. KING.

"The tone is incomparable, and they are far in advance of any other instrument of a similar kind."

In all, in fact, that tends to make an instructive and entertaining newspaper, the HOME JOURNAL will still retain its reputation as the favorite of the belles-lettres press.

[From the Field and Fireside, Raleigh, N. C.]

"For several weeks, this old favorite among the Southern people has been in its wonted place upon our table. We are glad to know that it not only still lives, but that it lives in rejuvenated and reanimated vigor—growing better as the days go on. During the four years and more that we have been deprived of its beaming countenance, it has pursued the even tenor of its way—holding a front place in the great ranks of American weeklies. Its dignity and purity of character have always distinguished it from all the other weeklies of the North—and hence its great popularity in the South. Its stories are not of the blood and thunder school; its original articles are racy, high-toned and scholarly; its selections are from the best foreign sources; its book criticisms, fine art comments, fresh gossip, pithy personals, etc., etc., are of the first order. We trust that the Home Journal will soon regain the immense patronage that it once had at the South. Our readers will bear witness to the coldness with which we generally speak of trashy publications—because so few of them approach the standard which we think they should attain—but we can be as frank in commending that which our judgment approves, as we are emphatic in rejecting that which it condemns."

TERMS:—For one copy one year, \$3; for three copies, \$7.50; or one copy for three years, \$7.50—always in advance.
